ENERGY EFFICIENCY SOLUTIONS

Commercial Project

- Site:** Philexcel Art Center - Philexcel Business Park, CFZ, PHILIPPINES
- Task:** Reduce energy consumption.
- Application:** Cafe, Toilets & Hallways.
- Solution:** 8 x 535mm dia Sky Tunnel Rigid98 Kits & 4 x 343mm dia Sky Tunnel Rigid98 Kits.

Result:

"Once again the Sky Tunnels have delivered on performance for Philexcel. Having successfully used the product in both our offices and Business Center 2, we had no hesitation in incorporating the Sky Tunnels into the design of the Art Center. They help keep our energy costs down whilst also providing the benefits of natural lighting to our staff."

Ian Packham - General Manager, Philexcel.
